POST-MERGER SOLUTION

for improved integrated sales team performance

Financial services new US subsidiary in Brazil with \$30M annual revenue

CLIENT'S SITUATION

- © Different cultures and entrepreneur sales process in local companies
- ⊗ US Headquarters wanting merged entities to follow global standards
- ⊗ Poorer-than-expected results post-acquisition
- & Lack of country-wide sales standards or best practices, including no integration with existing global standards

THE SOLUTION

Sales Outcomes deployed a full solution for sales process standardization, coaching and performance monitoring. Key services we performed included:

- © Coaching of 5 sales leaders and 25 reps over a 6 month period
- ⊗ Implemented business standards and best practices to drive consistent terminology, pipeline and forecast management
 - Followed corporate standards wherever possible
 - Created in-country standards only where necessary
- Migrated two acquisitions to standard Salesforce.com structure and definitions
- Created Salesforce.com standard reports and dashboards, including coaching managers to use them effectively

OUTCOMES

- Shortened sales cycle by 20 days
- € 100% adoption of Salesforce.com reports and dashboards to manage pipeline and forecast reviews
